

ABHAY KUMAR GUPTA

+91 7004744923 | abhay.gupta861@gmail.com | github.com/abhayrobotics | linkedin.com/in/developerabhay

SKILLS

Languages: JavaScript, TypeScript, C++, Python, HTML
Frontend Technologies: React, Redux Toolkit, React Router DOM, Tailwind CSS, Material UI, ShadCN, Sass, CSS
Backend & Database: Node.js, Express.js, MongoDB, Firebase, API Integration
Tools and workflow: Git, Vercel, Postman, Vite

PROJECTS

Netflix AI (Movie Streaming App Clone) [Github](#) [Live Link](#) **July 2025**

- Outlined key feature including user Authentication, Multilingual feature and AI search and recommendation,
- Integrated TMDB API and fetched latest movie data, enhancing browsing experience
- Implemented Gemini AI API for advanced smart suggestions, achieving seamless real-time synchronization with the application; boosted user engagement by 35% and reduced decision-making time by 45%
- Tech stack: **React, React Router Dom, Node JS, Redux toolkit, Tailwind CSS, Firebase Authentication**

Food Delivery App (Swiggy Clone) [Github](#) [Live Link](#) **May 2025**

- Integrated layout for pages and divided features into molecular and atomic components with this I have achieved better code quality, reusability, testability and readability.
- Implemented unit and integration test cases for all the features components as well as for molecular components.
- Tech stack: **React, Node JS, Redux toolkit, Swiggy real time API, Tailwind CSS, React Router Dom, JEST.**

CERTIFICATION

- Namaste React Course by Akshay Saini – Advanced React, Redux Toolkit **April 2024**

EXPERIENCE

WBSEDCL, Junior Engineer | West Bengal, India **Nov 2018 – Present**

- Developed and maintained responsive web applications using React and JavaScript, integrating APIs for seamless integration, resulting in a significant increase in user engagement
- Delivered seamless integration across multiple SAP modules, including Project System (PS), Plant Maintenance (PM), and Materials Management (MM), enhancing system efficiency by 25% and reducing failure rate .
- Tech stack: **React, Nodejs, Redux Toolkit, JavaScript, TypeScript, SAP ERP**

Pinnacle Infotech Solutions, Executive Engineer (BIM) | Durgapur (West Bengal, India). **July 2016 - Oct 2018**

- As an Electrical BIM Engineer, I created and managed 3D models of electrical systems in building projects, collaborating closely with architects, design engineers, and stakeholders.
- Overall, my role as an Electrical BIM Engineer was critical to the successful delivery of construction projects that require electrical design.
- Tech stack: Autodesk Revit, Autodesk Navisworks, Autodesk AutoCAD

EDUCATION

Bachelors of Technology | Electrical Engineering | Techno India, Saltlake, Kolkata **June 2016**
MAKAUT (WBUT) University, West Bengal | **DGPA- 8.15**

DAV Public School, Higher Secondary | Dhanbad, Jharkhand **May 2012**
Percentage: 83.5% (CBSE)

DAV Public School, Matriculation | Sindri, Jharkhand **May 2010**
CGPA- 8.8 (CBSE)
